It is wonderful to see a lot of snow at your country. Unfortunately we don't have it. May God bless you and your families. May you live long in this world.

Dear Kathy Cathey and Friends at all SOULS #4688

I greet you in the name of Lord Jesus Christ. Here at KDS we are good. We have missed your coming to greet as in school. I know that you cannot come as this strange time of the pandemic but we love you very much.

Me and my family are Just trying to adapt this time of pandemic. We Just follow the conditions of washing our hands and keeping our selves safe! It is so exciting to be back at school. We resumed our school work and started learning. We wear our masks at all times to protect ourselves from the strange disease.

It was so hard staying at home doing nothing. At home we helped our parents doing the house work and helping them to cook. When I finished helping my father I took my book and started reading it. It was so hard learning by my self, but I had to. I thank the Lord for protecting us and those people who were not affected. We still go to church but we stay a one metre and wear our masks properly.

I pray that our lord Jesus christ may keep you safe and those who are affected to be healed in Jesus name. We love all of you at all souls, thank you for supporting us and sending us these good letters. May God bless you all.

I can see a praising snowman that some of your children made. I can also see that the children had so much fun playing with the snow, slidding and throwing snow balls and also building snowmen. I like the snowman that Mikey knowlton built it looks very nice and lovely
